- CATCHING UP...

CARBON PRICING DEVELOPMENTS IN EUROPE & CENTRAL ASIA (ECA) REGION

OLGA YUKHMUCHUK, ENGIN MERT, JAN-WILLEM VAN DE VEN
moderated by: TIMLA DHAKHWA

Ukraine: 65% by 2030
Green Deal: Ukraine needs MRV + other data.

Turkey: Strong relationship with EU. Any policy affects us...
Turkey MRV similar to Europe.
Huge carbon costs!
Communication!

EBRD: Climate markets help achieve climate goals & promote international cooperation!
Policy dialogue, Article 6, K2, V2.
Carbon Pricing Developments in Europe & Central Asia (ECA) Region

May 5, 2021

Q&A

CBAM in Ukraine... just tax orets but not pay both...

Multistakeholder Discussion

More Technical

More Political

Market!

Some are less concerned...

Fossil Fuels & CBAMs?

Focus on lifecycle rather than consumption...

Leakage

All!

Reduce use!

Should have carbon pricing...

Developing countries?

Oil not always cheaper...

Opportunity!

Local vs. CBAM?

Normalise standards

Apply to specific products... not global intensity

BCAs are needed because not everyone has carbon tax

Data collection in Turkey... transparent & accessible...

Climate law & draft.
