

Workshop
Carbon pricing: latest developments on carbon taxes
Agenda

Friday March 11, 2016- Zurich, Switzerland

A number of PMR Countries are exploring, developing or implementing carbon taxes which are emerging as one of the key carbon pricing instruments being pursued to achieve climate goals. Building on previous PMR discussions, this workshop will provide an opportunity for Participants to discuss latest developments on carbon taxes around the world and to share lessons learned. It will also provide an opportunity to discuss the role carbon taxes can play in achieving Nationally Determined Contributions.
