MONITORING & EVALUATION WORKING GROUP: FINAL REVISIONS OF PMR LOGICAL FRAMEWORK AND OBJECTIVES

Mr. Adrien de Bassompierre & Ms. Ewa Sobczynska
PMR Secretariat

Webex call
June 29th, 2017
Agenda

- Outline of proposed revisions
- Final inputs into the revised PMR Logical Framework and Objectives
- Next steps
- M&E activities in July-August 2017
Proposed revisions – PMR Objectives

- Aligned closely with the proposed outcomes of the PMR Logical Framework
  - Focus on capacity building to implement carbon pricing instruments; knowledge; links among carbon markets; and enhancing global discussions on GHG mitigation
  - Specific mention of PMR knowledge products and tools
  - Clarification of the language around “common approaches” to carbon markets
  - Building on specific language/wording suggestions from the WB members

- Objectives mutually reinforcing
Proposed revisions – PMR Logical Framework

- **Unchanged long and medium term impacts**

- **Streamlined number of outcomes from five to four and aligned with objectives**
  - Outcome 2 on carbon pricing instruments already covered by medium-term impact
  - Order changed to reflect objectives
  - Rephrased Outcome 3 ("common approaches")

- **Reduce the number of outputs**
  - Recognition that multiple outputs support multiple outcomes

- **Deleted the section on inputs**
  - Tracking of inputs key at the country-level, less at the global level
  - Programmatic rather than project-based logical framework
