

PMR Technical Work Program

UPDATE

Ms. Pauline Kennedy, Mr. Pierre
Guigon, Ms. Maja Murisic
PMR Secretariat

Tenth Meeting of the Partnership Assembly
Santiago, Chile
November 3-4, 2014

Background

◆ Objectives

- Facilitate experience and knowledge sharing
- Develop practical guidance on common issues
- Identify good practice and common standards

◆ Audience

- Policy makers and technical staff in PMR countries
- But also a broader audience beyond the PMR

◆ Focus to date

- MRV
- Data management, GHG registries, and tracking tools
- Offsets programs
- GHG baseline setting
- **But in practice scope has been broader**

Strategic planning for technical work program

- ◆ Need to ensure coherence of different pieces and continuous and systematic support
- ◆ More targeted and in time support as PMR countries move to implementation of their MRPs
- ◆ Capture and share lessons
- ◆ Leverage work by others for benefit of PMR countries

		Mechanisms			
		ETS	Carbon Tax	Offsets	Scaled-up crediting
T e c h n i c a l E l e m e n t s	Mechanism design				
	MRV				
	Data management and registries				
	Baselines/benchmarks				
	Allocations/exemptions				
	Linking				
	Use of revenue				
	Trading infrastructure and oversight				
	Governance & institutions				
	Compliance and enforcement				
	Stakeholder engagement and preparedness				

Map activities and cluster countries to target support

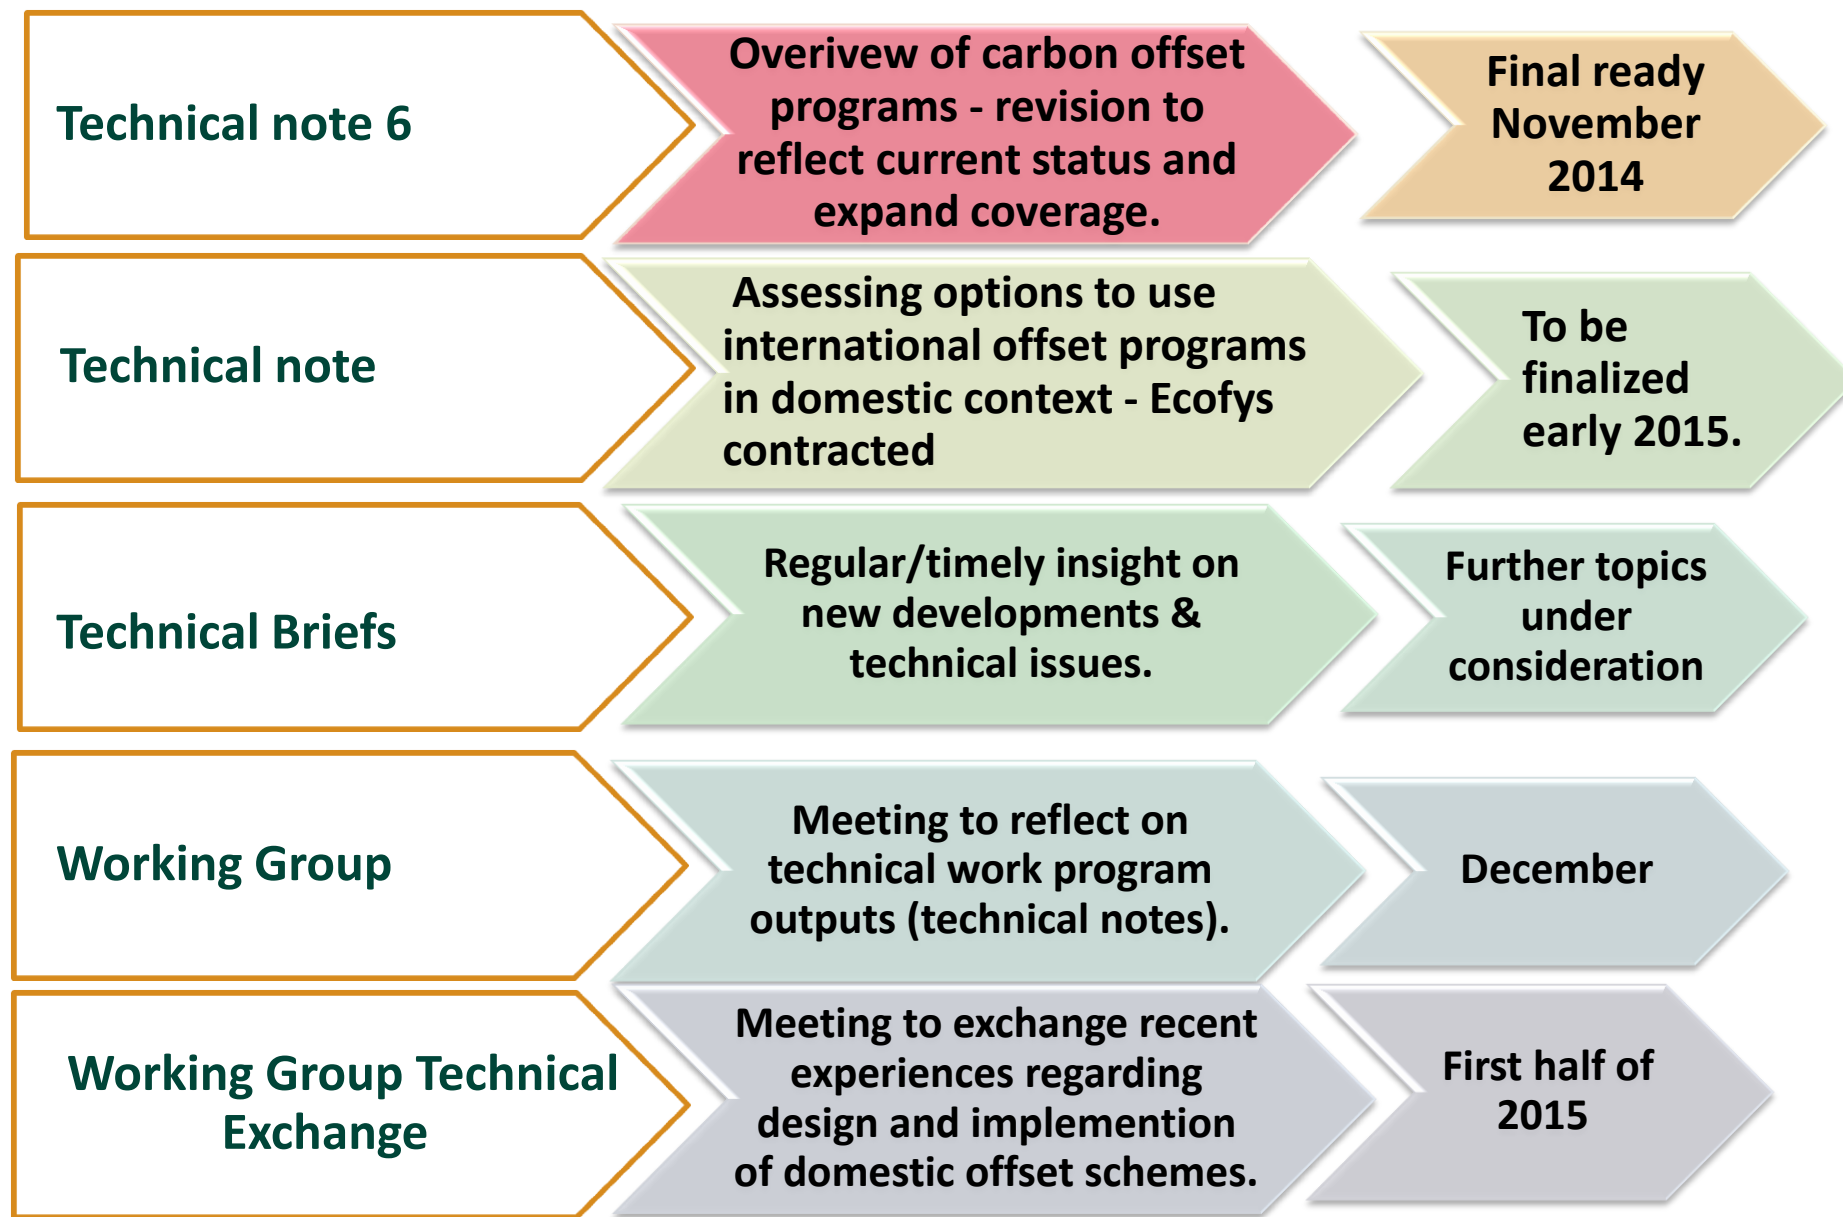

Activities and Organization

MRV–Status of FY15 work plan

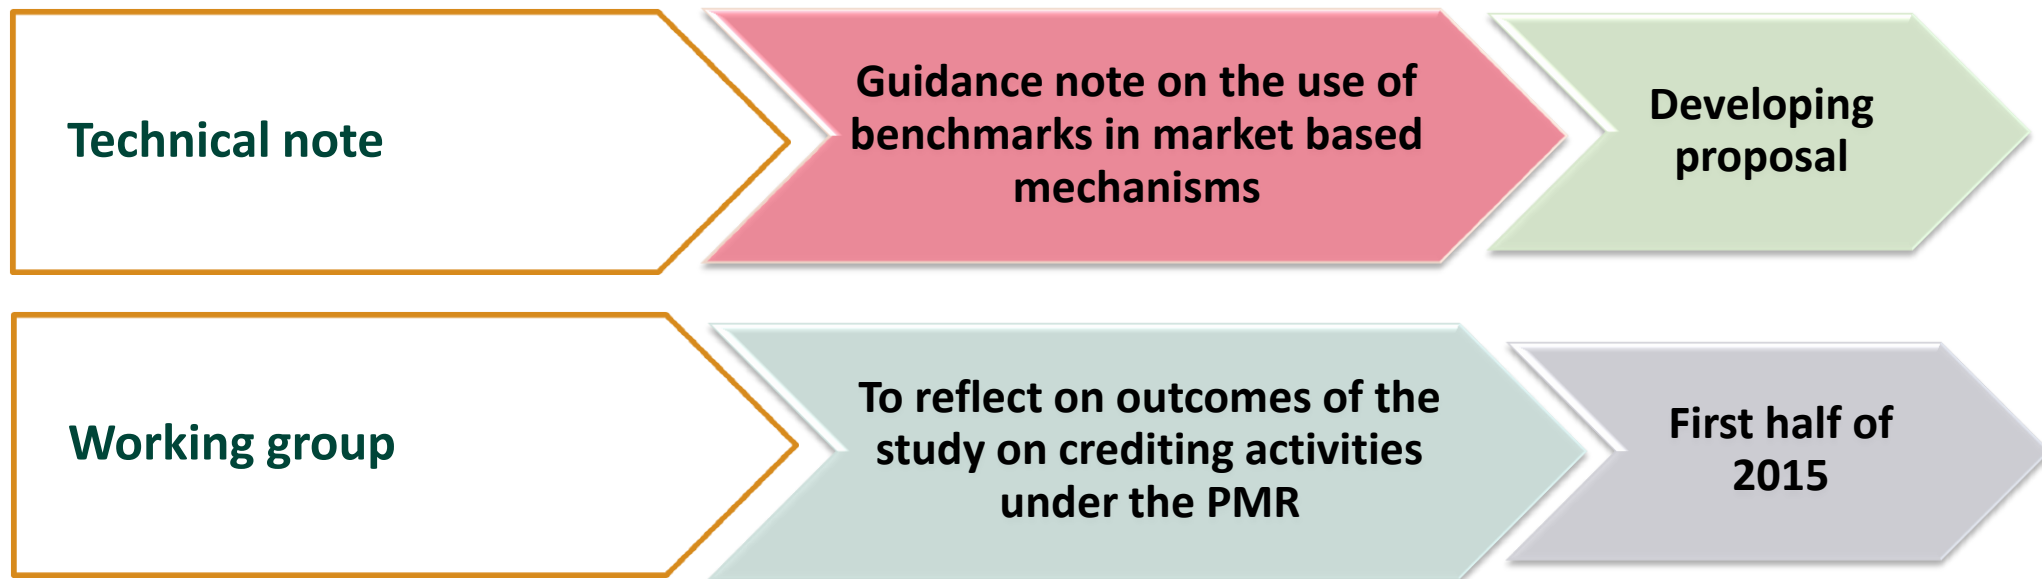

Offsets – Status of FY15 work plan

Data management and registries – Status of FY15 work plan

Baselines and benchmarks – Status of FY15 work plan

Cross cutting – Status of FY15 workplan

Technical Workshop

**Different market-based
approaches & implications for
a future carbon market**

**November 6th
2014**

New thematic stream - ETS

◆ Previous activities

- **Technical workshops:** domestic Emissions Trading Schemes (Shenzhen, March 2013), International Experiences and Lessons to Inform the Development of Mexico's ETS (Mexico, May 2014)
- **Knowledge products:** Technical note 2 on Domestic emissions trading schemes, Technical note 7 Lessons Learned from Linking Emissions Trading Systems
- **E-Learning:** Emissions Trading Systems: Using Markets to Promote Low Emissions Development

◆ Proposed Activities in FY15

- **Knowledge product:** ETS Handbook – a ‘how to’ guide for the development and operation of an ETS capturing experience from around the world.
 - Joint product with International Carbon Action Partnership (ICAP)
 - Editors are Felix Matthes (Oko Institut), Michael Mehling (MIT), and Duan Maosheng (Tsinghua University)
 - Key focal points in each ETS jurisdiction
 - To be completed second half of 2015.
- **Establish ETS working group:** Propose to establish an ETS working group to help PMR secretariat shape work plan in this stream; and to provide input/review of ETS handbook

New thematic stream – carbon tax

◆ Previous activities

- Technical workshop on carbon tax May 2014
- Country specific activities

◆ Proposed Activities in FY15

- **Knowledge products**
 - Carbon tax guide that provides an overview of the topic, discusses the main design elements and major developments around the world. Will draw on existing material prepared under the PMR and broader experience within the World Bank and other organizations.
 - Technical notes or briefs and webinars based on countries' needs and interest
- **Establish carbon tax working group**
 - Propose to establish a carbon tax working group to help PMR secretariat shape work plan in this stream and to share country experiences
- **E-Learning course on carbon tax**
 - to disseminate knowledge on carbon tax to a wider audience

Action by PA

- ◆ Feedback on the strategic planning and scope of technical work program (matrix)
- ◆ Feedback on proposed activities in new thematic work streams
- ◆ Indicate interest in participating in ETS and carbon tax working groups
- ◆ Feedback on other activities and future priorities

Thank You
