Re : Partnership for Market Readiness

Dear Ms. Chassard,

We welcome the establishment of the Partnership for Market Readiness (the Partnership), which will help developing countries and emerging economies to build capacity for and to pilot market instruments for scaling up their mitigation efforts.

Turkey, as a country which is in a situation different from that of other Parties included in Annex I to the UNFCCC, face various barriers for effectively integrating into market mechanisms, and we believe that these barriers may be alleviated through funding and technical assistance that would be provided by the Partnership.

We would kindly request you to accept this letter and the enclosed "expression of interest" as our formal application for participating in the Partnership for Market Readiness.

Best regards,

Evren D LEKL 
Acting Director General of
Foreign Economic Relations
