Ukraine's progress in creating a domestic emission trading scheme

October 22 - 25, 2012
4th PA PMR

Sydney, Australia
Main steps (1)

1. The **Task Force** on legislation for the emission trading market development (TF LETMD) is created under the SEIA supervision:

   - Representatives from relevant ministries, the Parliament, public and industrial groups;
   - Mandate is to develop a draft Law for the emission trading market;
   - Presentation of the new draft Law to the Parliament until the end of 2013.
Main steps (2)

Initiated a series of international technical assistance projects (TAP) aimed to analyze the current situation and create conditions for establishing of emission trading scheme

Projects: PMR, EBRD, UNDP, USIAD
• Capacity Building for Low Carbon Growth (LCG) in Ukraine:

  • Comprehensive projections of GHG emissions for the periods up to 2020 and 2050 by the end of September 2013;

  • Identified policies and measures for LCG and assessment of the mitigation potential by February 2013;

  • Preparation and presentation of a concept on low carbon development strategy by September 2013;

  • Relevant legal and regulatory analysis – Dec 2012;

  • Analysis of the domestic ETS’s main elements – May-June 2013;

  • Development of the national allocation plan - May-June 2013;
EBRD TAP scope and timeline

• Preparedness for Emissions Trading in the EBRD Region “PETER”: Develop road maps for linking cap and trade systems with external ETSs

• not started yet, expected duration 6 months
USAID TAP scope and timeline

- Draft legislation authorizing SEIA to develop requirements for MRV of GHG emissions and mitigation actions of energy sector enterprises;

- Draft normative documents through which SEIA can implement requirements for MRV of GHG emissions and mitigation actions of energy sector enterprises;

- Compliance tools for affected enterprises, including detailed guidance, case studies, training materials and reporting templates;

- Should start until the end of 2012, expected duration 6 months
GOU and WB to succeed in:

- Results of other TAPs will form the basis of MRP, and
- PMR Preparation Grant phase will focus on coordination of all of the TAPs and preparation of the MRP;
- The draft MRP is expected to be presented to the PA by the end of October 2013;

A project manager has been selected on a competitive basis;

The grant agreement between Ukraine and the World Bank has been finalized and is expected to be signed shortly, allowing practical implementation of the project start in November.
